- **ProShield™ Heavy duty top layer**
- **High quality 9 mm plywood**
- **Hardware by Penn-Elcom**
- **Dual perforated rack rail on front side**
- **Punched square holes for use with snap-in cage nuts**

Description

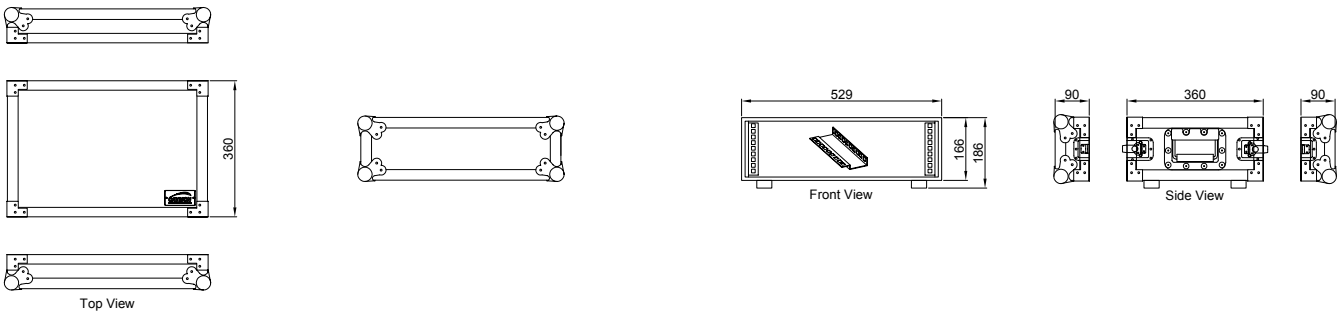

The FCX103 is a 3 unit professional double cover flightcase compliant to the ANSI/EIA RS-310D, DIN41491 and IEC60297 standards for 19” equipment installation.

The construction is made out of high quality 9 mm plywood covered by a **ProShield™** top layer, offering an optimal protection for your equipment. Both front and back lids are detachable, allowing instant access to both controls and connections of your equipment. Mounting of the equipment can be done using the perforated rack rail with punched square holes for use with snap-in cage nuts.

Superior durability and handling convenience is guaranteed through **Penn-Elcom®** hardware such as heavy-duty ball corners, rivet protected recessed flip handles and **MOL™** type butterfly latches.

Technical Drawing
