DENON DJ SC6000M PRIME Vinyl Turntablism
Excellence Meets Digital Performance Power!

True Legacy Vinyl Experience The SC6000M's 8.5" motorized platter with a combo of 'quickrelease' slipmat and newly designed DJ vinyl, ensures DJ/Turntablists have that 'true, mechanical spin' beneath their fingertips. The uniquely engineered, brushless DC electric motor has a light/heavy torque range adjustment, for fine-tuning platter response to a scratch DJ's exact performance needs. Advanced Touchscreen Digital Workflow Navigate, search and load extensive music libraries plus edit track lists with 'on-board' Crate management. Gesture manipulate large waveforms and scrub through overviews, while visualizing essential DJ workflow info. Also, engage 'on-the-fly', internal analysis of music files directly within the SC6000M itself - simply 'plug in & play out!' Future Ready Media Playback With dual output 24-bit, 96kHz digital audio quality, the SC6000M supports all major compressed and uncompressed music file formats including FLAC, ALAC and WAV. With built-in WiFi and wired internet connectivity, DJs can now stream music, standalone, from partnered services Beatport, Beatsource, Soundcloud and TIDAL. 8.5" Aluminum Motorized Platter Execute and define your true vinyl Turntablist style - get hands-on with the adjustable torque, high-resolution 8.5" motorized platter featuring ergonomic inset design for easy-braking. 10.1" HD Touchscreen Search, load, play and 'feel' your music with the industry's largest and most advanced multi-touch DJ workflow display. Interface and perform like never before! 2-Players-in-1 Mix and perform simultaneously with dual-layer audio tracks to your mixer, via the SC6000M's two independent analog/digital outputs. Best in Class Timestretch Open Format, cross-BPM DJing perfection! Artifact free, sonically perfect audio reproduction, for pitch-locked, extreme track tempo changes. Harmonic Mixing Perfection The SC6000M's onboard musical keyshift, key-match feature enables beautifully harmonic DJ sets to be effortlessly performed. Create sonic textures with just the touch of a finger. Performance Pads Trigger Hot-Cues, engage Loop regions, Roll and Slice your beats with 8, responsive rubber performance pads - now with sophisticated design illumination for improved club visibility. No Limits Media Handle all digital music libraries and enable DJ 'hand-offs' with 3 x USB and 1 x SD media inputs. Travel with large terabyte music collections, accessing the SC6000M's built-in internal HDD bay. Specifications

- Analog Output: 2.0 Vrms (0 dBFS, 1 kHz)
- Signal-to-Noise Ratio:

116 dB

Distortion (THD+N): < 0.0015%

Frequency Range: 22–22,000 Hz

Digital Output:

- Sampling Rate: 96 kHz
- Bit Depth: 24-bit

Platter

Material: Metal construction

Diameter: 8.5" / 216mm

Display

10.1" / 257 mm (diagonal)

10.11" x 6.9" / 257 x 175 mm (width x height)

Full-color LED-backlit display with touch interface

Connections

- (2) RCA output pairs
- (2) coaxial digital outputs
- (1) 1/8" (3.5 mm) mini TS input (remote start)
- (3) USB Type-A ports (for USB drives) (Rear-panel ports supply 900 mA for USB 3.0 devices, 500 mA for USB 2.0 devices. Front panel port supplies 500 mA for USB 2.0 devices only.)
- (1) USB Type-B port (for computer connection)
- (1) SD card slot
- (1) Ethernet link port
- (1) IEC power input
- (1) 2.5" SATA HD bay

Power

Connection: Locking IEC

Input Voltage: 110–240 VAC, 50/60 Hz

Dimensions (Width x Depth x Height)

319.5mm X 463.3mm X 151.17mm

12.6" x 18.2" x 6"

Weight (Without USB and Power Cable)

15.4 lbs.

7.01 kg

Supported Media

Type:

- SD/SDHC card
- USB mass-storage devices (flash memory, external HDD enclosures)
- 2.5" SATA hard drives

 File Systems: exFAT
 FAT32 (recommended)
 File Formats: AAC/M4A
 AIF/AIFF (44.1–192 kHz, 16–32-bit)
ALAC FLAC MP3 (32–320 kbps)
 MP4 Ogg Vorbis WAV (44.1–192
kHz, 16–32-bit)
