

► Features

- 350 mm distance to wall
- 35 mm pole adapter fitting
- Speaker blocking
- 5-Step adjustable incline angle (0° - 45°)
- Horizontal swivel adjustment at any angle
- Solid steel construction
- Max load of 40 Kg
- Available in Black (/B) & White (/W)

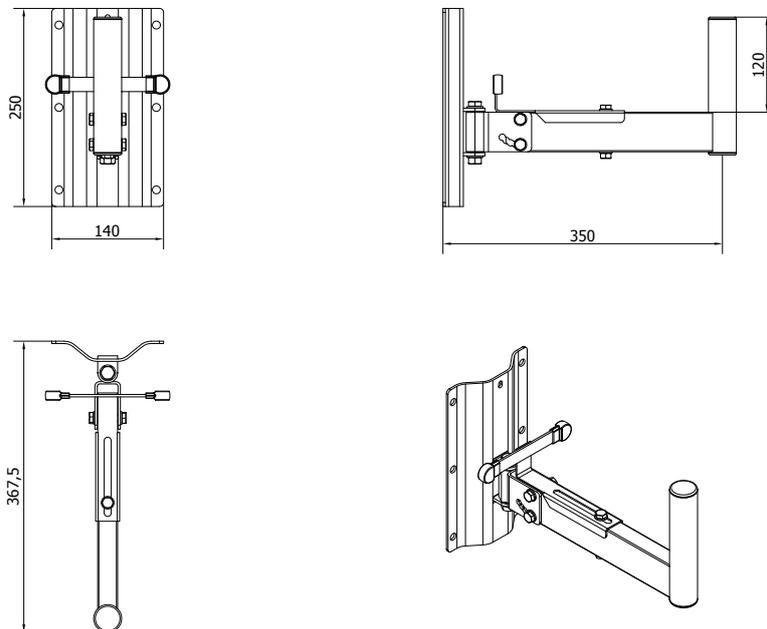

► Description

The WLB35 is a wall mountable speaker installation bracket, containing a 35 mm pole which allows safe and easy installation for any loud-speaker fitted with a 35 mm pole adapter. The incline angle is adjustable in 5 steps from 0° up to 45° while in horizontal way the speaker can be adjusted in any direction. A speaker blocking mechanism keeps it in the right direction after installed. The solid steel construction allows a maximum load of 40 kg.

The WLB35 is available in both black (/B) and white (/W) colour.
